

# **ORRS Fee Structures**

# **Club Membership**

Annual Dues

- Single Club Side/Team (\$225)
- Each Additional Side/Tea (\$125)

This membership is intended to cover the expenses of the referee development, training, and assignment. It also includes the cost of paying mileage reimbursement. It is intended to facilitate the officiating of standard matches - one match, between two teams, at a single venue - during the fall and spring seasons.

No team will be scheduled ORRS match officials without paying annual dues. Dues are expected prior to September 1 (or March 1 if joining in the spring). Contact the Society Treasurer at <u>orrstreasurer@gmail.com</u> to pay dues.

Rugby Ohio teams work under a different model. ORRS receives an administrative fee for each scheduled match and is prepaid the match official fees.

# **Referee Match Fees**

\$120 - 80 minute match (club and college)
Assistant Referees (ARs) - \$35
\$100 - 70 minute match (high school/u19)
ARs - \$30
\$25 - Sevens match
ARs - \$5
\$30 - Tens match
\$1.50 per minute for all other 15's variations

The basic formula for determining a referee match fee is \$1.50 per minute of scheduled play.

Depending on the match, these match fees will be paid either by ORRS or by the host club. There are exceptions. Referees must discuss the form of payment (i.e., cash, check, Venmo) with the host club when that is the format. Those matches being paid by ORRS require the submission of a match report on WhostheRef.

### **Mileage Reimbursement**

Mileage is reimbursed at \$.45 per mile after the first 25 miles driven. A match report must be filed to receive reimbursement. These costs are paid by the ORRS and not by the member clubs.

### **Event Fees**

ORRS can be contracted to handle the organization of match officials for events like showcases, tournaments, and other multiple team events. Items such as administrative costs, match official fees, mileage reimbursement, and the need for on-site referee coordinators will be negotiated.

ORRS can often provide their own shelter, coaching, and nutrition.
